

LEMONAID UPCYCLING - DIY STOOL

DURATION: 50 MIN · DEGREE OF DIFFICULTY: MIDDLE

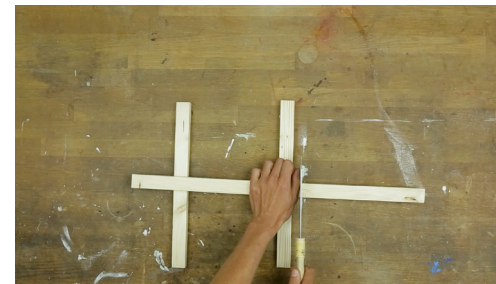

DIY STOOL

1. Start with the wooden strips and the saw.

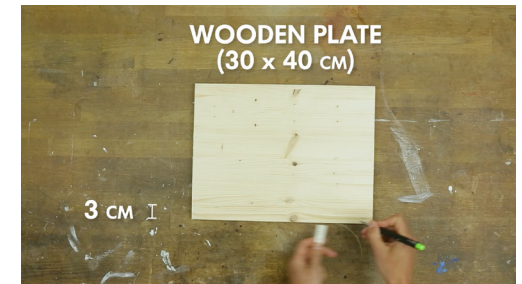

2. Draw marks on the strips at 36,5 cm from one side.

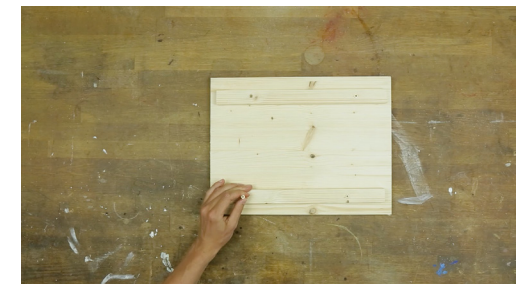

3. Cut the wooden strips down to those 36,5 cm with the saw.

5. Place the strips right above the marks.

4. Draw marks at the long sides of the plate with a distance of 3 cm to the sides.

6. Fix the strips with screws.

7. Sandpaper the edges.

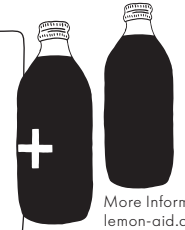

8. Treat everything with organic wood oil.

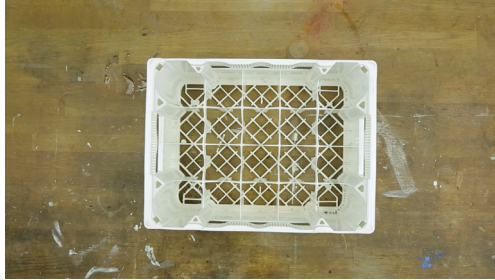

Equipment:

- 2 wooden strips
- Saw
- 1 wooden plate (30x40cm)
- Sandpaper
- Organic wood oil
- 2 Lemonaid crates
- Screws
